## NOTE 1

The fund payment amount is calculated in accordance with Subdivision 12-H of Schedule 1 to the *Taxation Administration Act 1953* (Cth). This subdivision deals with distributions from MITs to foreign residents.

The Responsible Entity (RE) of a MIT must withhold tax from “fund payment” amounts in respect of distributions it makes during an income year. In determining the amount of the fund payment relating to a particular distribution, the RE of a MIT is required to take into account earlier fund payments made during the current year and changes in circumstances as the financial year progresses. The fund payment amount calculated under Subdivision 12-H may not necessarily be the same as the cash distribution paid.

The method of calculating the fund payment amount is different to the way that a MIT calculates its annual taxable and non-taxable components for income tax purposes. For example, the calculation of the fund payment amount does not include interest income or foreign source income. These amounts are however included in the calculation of the trust’s final annual taxable and non-taxable components for income tax purposes.

As a result of the calculation required under Subdivision 12-H, the amount of the fund payment determined by Waratah Funds Management Limited as RE of Waratah Hotel Fund for the period ended 30 September 2022 amounted to 2.00 cents per unit.

Securityholders should seek their own tax advice regarding the fund payment.
