Financial Services Guide

What is the purpose and content of this guide?

This Financial Services Guide (FSG) is an important document provided to you to give you information about the financial services that we offer you. The FSG is designed to assist you in deciding whether or not to use any of the financial services that are offered in this FSG.

This FSG contains information about who is providing the financial services, how the financial services licensee and other parties are remunerated, details of our internal and external complaints and dispute resolution procedures and how you can access them, and how we will deal with your personal information.

If you need more information or clarification of any matter raised in this document, please contact Waratah Funds Management by email, telephone or letter (see contact details set out below).

Waratah Managed Funds

We may provide you with a Product Disclosure Statement (**PDS**) in relation to one of our registered managed investment schemes (the **Fund**). The PDS will set out the terms and conditions of investing in the Fund. Currently we have two registered managed investment schemes being:

- Waratah Hotel Fund ARSN 123 286 304, and
- Waratah Diversified Property Fund ARSN: 638 819 324.

If a Fund is open for investment and you are a retail client investor we will provide you with a copy of the PDS if you wish to consider making an investment in a Fund. Waratah Hotel Fund is a stapled group, and reference to a PDS with respect to it means a PDS/Prospectus.

The purpose of a PDS is to give you sufficient information to help you make a decision about whether or not to invest in a Fund. The PDS contains information about the Fund including the features, benefits, fees and risks associated with the Fund to assist you in making an informed decision.

If you want to invest in a Fund, and you are a retail client investor you will need to complete the Application Form attached to the PDS. You should consider the PDS in deciding whether to invest in the Fund.

How much do we receive for providing the financial services?

We do not directly charge you for providing financial product advice or other information in relation to our Funds.

There may be entry fees to invest in a Fund as well as fees and other costs that are payable once you have become an investor in the Fund, and these will be outlined in the applicable PDS.

We charge the fund management fees and costs for managing a Fund, a performance fee where the Fund outperforms a benchmark return, and transaction costs that relate to a Fund's acquisition or sale of assets. Further details of these fees and other costs that are charged to the Fund are outlined in the PDS.

You may request particulars of the remuneration or other benefits but that request must be made within a reasonable time after you are given the FSG and before any financial service identified in the FSG is provided to you.

How will I pay for the financial services?

You will not be required to pay any amount (in addition to the amount that you invest in a Fund) for the financial services described in this FSG, and no amount will be deducted from the amount that you invest in the Fund.

However, the fees and other costs outlined in the applicable PDS will be deducted from the Fund, and this will impact on the returns that are generated on your investment in the Fund.
